

TRUONG DINH ANH TU

FP&A Analyst

+84 902 339 411

truongtu293@gmail.com

Ho Chi Minh City, Vietnam

PROFESSIONAL SUMMARY

FP&A professional with hands-on experience in full-cycle financial planning, multi-entity consolidation, and management reporting within a multinational logistics environment. Skilled in translating large, complex datasets into actionable insights for senior leadership and BOD. Leverages Python and AI-assisted workflows to automate reporting pipelines, cutting manual processing time by up to 90% and enabling deeper analytical focus. Aspiring to broaden international exposure by joining an MNC abroad to deepen cross-cultural business acumen and grow as a well-rounded finance professional.

WORK EXPERIENCE

FP&A Analyst | [BEE Logistics Corporation](#)

Sep 2025 – Present Ho Chi Minh City, VN

Annual Budgeting & Forecasting

- Led annual budget cycle end-to-end: conducted structured interviews with department heads across 13+ departments to capture market outlook, headcount plans, and CAPEX requirements.
- Received BOD-level revenue targets and allocated budgets across 4 branches and 7 service lines (Export Air/Sea, Import Air/Sea, Logistics, AOG, Cross-Border Trucking), driven by volume assumptions at lane and service level.
- Developed 3 budget scenarios (base, upside, downside) for CFO and BOD review, enabling data-driven deliberation to lock the most feasible annual plan.
- Built monthly phasing models (2026 full-year forecast) integrating prior-year actuals, headcount data from HR, and volume assumptions by lane/service.
- Facilitated budget review meetings with regional directors and CFO to challenge assumptions and lock final numbers.

Monthly Management Reporting & Power BI Dashboard

- Owned end-to-end monthly close pack: Revenue, Gross Profit, SG&A, EBIT vs. budget and vs. prior year, distributed to branch directors and BOD via Power BI.
- Built YTD vs. budget simulations to project year-end landing; flagged service lines at risk of missing annual KPI.
- Performed granular variance analysis by customer, lane, and margin tier; proactively engaged sales leads on anomalies or underperforming accounts.
- Monitored overdue AR; coordinated with directors, sales, and accounting to mitigate working capital risk.

Quarterly Consolidation & Audit Support

- Consolidated Balance Sheet, GL journal, AR/AP across southern-region subsidiaries into the BEEVN group file each quarter; ensured accuracy for Big 4 (EY) audit.
- Acted as primary liaison between subsidiaries, accounting team, and EY during annual audit; provided schedules, reconciliations, and supporting documentation.

Sales Incentive & KPI Management

- Calculated quarterly sales bonus for ~60 sales staff based on profit contribution; cross-referenced internal system, email approvals, and loss/admin-fee records — functioning as internal audit.
- Set individual KPI thresholds for sales based on tenure and historical performance; analysed team-level KPI attainment, revenue efficiency, and salary-coverage ratio, with restructuring recommendations.

Ad-hoc Analysis & CFO/BOD Support

- Executed a 3-month CFO-sponsored strategic project: interviewed regional directors, performed 3-year deep-dive analysis, and built presentation deck used by CFO in BOD governance sessions.
- Conducted customer and agent profitability analysis, identifying accounts with high volume but negative margin after operational costs; recommended renegotiation or exit.
- Reviewed SG&A cost trends (GL Account 642), analysed office-level cost structures, and presented findings to management.

- Automated monthly data pipeline using Python and AI agents, processing ~16–20M cells from raw extraction to formatted Excel output; reduced processing time by ~90%, enabling greater focus on analysis.

Finance Intern | [DHL Global Forwarding](#)

Mar 2025 – Sep 2025 Ho Chi Minh City, VN

- Reconciled 600 vendor accounts across Cargowise and ERP S21, resolving 400 discrepancies in tax codes, GL allocations, and vendor master data; reduced recurring errors by 30% via standardised error-tracking.
- Processed 150+ invoices/month across 30 GL accounts (ERP S21) and verified 30 travel expense claims (SAP Concur) with 100% compliance; managed 400 monthly customs tax pre-payments.
- Supported cash flow forecasting and adapted to MNC workflows in a predominantly English-speaking environment.

EDUCATION

Bachelor of Finance | [University of Economics Ho Chi Minh City \(UEH\)](#)

2021 – 2025 Ho Chi Minh City, VN

- GPA: 3.9 / 4.0 — Top of cohort; 2× Excellence Scholarship recipient.
- Published financial trend analysis in 4 university research competitions; developed critical analysis and strategic communication skills.

SKILLS & TOOLS

Finance

FP&A • Budgeting & Forecasting • Variance Analysis • Multi-entity Consolidation • Management Reporting • KPI Design • Internal Audit • AR/AP • ACCA F3/F6 (self-studied)

Technical

Python • SQL • Power BI • Power Query • Excel (advanced) • CubeValue • AI-assisted workflow automation • ERP S21 • SAP Concur • Cargowise • GitHub / VS Code

Languages

Vietnamese — Native | English — Professional (IELTS 6.5) | Japanese — Intermediate (currently studying)

Soft Skills

Stakeholder management • Cross-functional collaboration • Structured problem-solving • Data storytelling • Adaptability in MNC environments

EXTRACURRICULAR

- HR Member, Students' Finance Research Club — UEH (2021–2023): organised workshops and team-building events for 80–200 attendees; built leadership and project coordination experience.
